

CyberWATCH Agencies' Role

Benefits to the partner agencies and businesses through CyberWATCH:

- Opportunity to influence and shape the programs at higher education institutions
- Opportunities for re-training and specialty training of current employees
- Opportunities for better job candidates using interns
- Effective pre-screening of potential job candidates by the higher education institutions
- Improved selection of job candidates using interns
- Exposure and advertising among all CyberWATCH partners
- Better skilled workforce – quality
- Expanded workforce – quantity

Potential role of agencies/businesses in CyberWATCH:

- Opportunities for student internships and/or faculty externships
- Opportunities for speakers/workshop leaders
- Assistance with the development of case studies and capstone courses
- Opportunities for tours of facilities for faculty and/or students
- Opportunities for a “Shadow Day” for students
- Assistance with “job mapping” (clarification of necessary skills and expectations)
- Support of the Course Mapping to 4011 NSA standards
- Assistance with the national certification process
- Conduit to other agencies/businesses
